Re: Budget Rent-A-Car System, Inc. – Budget Small Business Program

I'm pleased to announce that we have arranged for a special car rental program through Budget Rent A Car System, Inc.

Our Budget Corporate discount number (BCD) is **S217538**. Travelers may call 1-800-527-0700 or our travel agent for reservations. A reminder ... you must mention our BCD number to receive the everyday savings and special benefits.

Go to www.Budget.com and enter S217538 where it says "Optional Offer Code (BCD)" in the reservations box on the home page.

Our company's BCD number will drive our discounts. At time of reservation, our BCD will compare all available rates and provide us with the lowest rate Budget currently offers. So we can rest assured that we will save on every rental!

In addition, you'll receive unlimited mileage, no additional driver's fees, and a minimum renting age of 21 for all your travelers. (Travelers 21-24 are subject to a surcharge of \$25.00 per day at participating locations. At NY state locations a surcharge of \$115.00 per day applies. Travelers under 25 are ineligible for luxury, mini-van, and 12 passenger van rentals. Rates are subject to change without notice).

As a member of the Budget Business Program, we are also eligible for their special service known as Fastbreak.

Budget Fastbreak is an enhanced paperless service that saves you time when picking up a car. In addition you can choose your car from your reserved car class at participating locations.

Enrollment is easy!

Please make sure our company's BCD number is printed in the appropriate field during the enrollment process. To enroll, simply sign-up at a Budget rental counter or visit Budget's website at:

Fastbreak: <https://www.budget.com/budgetWeb/profile/fastbreak.ex>

Again, always mention BCD number S217538 and/or your individual *Fastbreak* number when making any reservation by calling Budget at 1-800-527-0700 or your travel agent.
